### PLEASE READ AND SIGN BEFORE FILLING OUT WORK TICKET.

I understand that **Around The Block** does Machine Quilting and not hand quilting. Varying stitches are common. Quilts are taken on a first come, first serve basis. When delivering or shipping your quilt it must have a completed Work Ticket included. Please request one before shipping your quilt.

Back must be at least 4" longer and wider than top (each side). There is a \$5.00 charge for thread changes. It is not recommended, but if you request 2 colors of thread (one on top and a different one on the bottom) you can expect the tread to show through from either side.

Quilt edges are not bound. Please keep this in mind and purchase enough fabric when making your quilt.

You will be billed when your quilt is completed. No quilt will be released without full payment. When payment is received, your quilt can either be shipped via U.S. Postal Service, picked up, or delivery arranged.
